

College of Social Sciences
Department of Social Welfare
at Sungshin Women's University

Educational Goals

- ▶ Understanding of Human Life and Welfare
- ▶ Exploration of Practical Knowledge
- ▶ Cultivation of Volunteerism and Participatory Spirit
- ▶ Cultivation of Experts in the Welfare Field

Desired Student Model

Academic practitioners, blending humanities and social expertise, enact the ideals of social welfare for societal betterment

Department Introduction

The Department of Social Welfare is a 21st-century program centered on humanism, researching diverse welfare policies and services to improve life quality. It enhances understanding in the field by studying human development and life across the lifespan. Our goal is to produce professionals in various welfare fields, contributing directly to society as specialists in social welfare, elderly welfare, and family welfare.

Family Specialist Track

Track Description

Family experts apply an integrated family perspective in diverse social welfare areas, developing and implementing policies and programs. They work in health family support centers, multicultural family support centers, and various social welfare institutions, emphasizing a family-oriented approach. To become a specialized social worker in the community-based welfare service era, a deep interest in family-related subjects, analytical skills, and preparation in systems, policies, and approaches are essential

Related Major Competencies

Family Specialization: Requires knowledge exploration, creative integration, and communication collaboration skills. A major competency designed to cultivate social workers, health home specialists, family policy researchers, family life educators, and family counseling experts

Specialized Career Paths

Diverse social welfare institutions, health home support centers, multicultural family support centers, family counseling agencies, and family life education research institute
